Dear Colleagues

Royal Mail Group (excluding POL) Transfer Policy and Process

Following the debate and carriage of motion 61 at Annual Postal Conference discussions have recently taken place with Royal Mail.

61 CATEGORY A:

This Conference recognises that the current Royal Mail Transfer Policy is not fit for purpose and not working, which is disadvantaging many of our members.

This Conference instructs the Postal Executive to meet with the business at the earliest opportunity to negotiate a new robust National Transfer Agreement.

South East No.5

During the debate it was pointed out that the link which was previously published via LTB 221/12 was not working. This has been raised with Royal Mail and it seems that whilst the link attached to PSP is correct and working, the link which was shared previously via LTB 221/12 has been changed and replaced with the link below which should now be used when seeking to apply for job alerts.

How do I register for alerts and complete an on-line application?

This is done at www.royalmailgroup.com/myjob

Also, attached to this LTB is the up to date policy guide which contains the process for registering for job alerts.

In relation to moving the matter forward in line with conference policy, the discussions with Royal Mail have continued to be positive as was reported at Annual Conference, and to assist those discussions Branches are invited to provide reports to the department of examples where they believe the Transfer Policy has not worked or they believe is not fit for purpose. Any reports received will form part of the ongoing discussions with Royal Mail to assist in delivering the terms of the motion.

Reports should be sent into the Outdoor Department by close of play on Wednesday 28th May 2014.

Any enquiries to Bob Gibson's Office, quoting reference 440.23
